

BspaceG by Jeremy Wilson (July 2016)

**Cast:** Young & Younger, two women (20s)

**Prop needs:** two smartphones with earbuds

Lights up.

Both are seated. Younger puts in earbuds. Young takes her earbuds out.

**Young:** Hey, you are gonna want to see this Instagram.

**Younger** mucks with her smartphone, points to her earbuds.

**Young:** Fine. I'll just tell you. OK, so you know those B space G things we have all over town? Like for Dallas? Big D?

**Younger** crunches her mouth, gives a head shimmy for "Sure."

**Young:** Anyway, this one has a flag thing going on. 'Merica. You really should see how this girl looks. The skirt and top are like 'first day PR job' good.

**Younger** cocks her head to imagine it. Yeah, she sees it.

**Young:** And, her hair is kinda up, but then it cascades down. Like she has a fake bangs frill. And, Warby Parker's on her face with those perfect-imperfect frames.

**Younger** kinda sculpts the air to get all the elements in her imagination, bobs assent.

**Young:** But...so, this bro in a totally wrong-sized Stars jersey is crouching down to pick up his dropped chili dog—and—BIG looks like PIG. (laughs)

**Younger:** (flatly) Pig?

**Young:** (pleading) Come over. I'll just show you.

They huddle up and glance at Young's screen.

**Younger:** Yeah, he's gross. But, you're cute.

**Young:** #thatsright

Lights out.
